description: On Saturday 23 March 2024 at 5:30 pm in Salone Marescalchi of the Castle of Monferrato, official opening of "Magic Moments", the solo exhibition by Michelle Hold.

The exhibition will be open to the public until 5 May 2024 and will present a series of the artist's works with the intent of capturing and stopping on artistic media those magical moments which Shamans describe as an intrinsic part of our nature. In the attempt to remember the light which, according to the artist, everyone possesses and to listen to our inner voice, the heart, she uses the vibrations of color and movement to transmit the sensation of an intrinsic magic of life which brings enlightenment to every moment.

Federica Mingozzi referring to the protagonist of the exhibition, declared: [...] she has reached a conceptual security which emerges strongly from her paintings: lines and colors give life to a single language, whose expressive virulence is so great and involves the observer in a refined game of references: in her reflection on time and magic you find yourself caught up in a non-stop movement, which allows to reach sidereal peaks of compositional splendor".

The Councillor Gigliola Fracchia declares: "A new exhibition opens in the Castle of Monferrato enriching a multifaceted mosaic which combines the dissemination of national and international culture with the promotion of local culture. The collaboration with ArtMoleto of which Michelle Hold is the founder, has ensured that numerous events and artistic interventions have taken place in our city which have involved the local cultural fabric".

The exhibition will be open free of charge on Saturday and Sunday from 10 am to 1 pm and from 3 pm to 7 pm.
